Opening Gun For Cox and Roosevelt Fired In This City Yesterday

The First Cox and Roosevelt Club organized in Kentucky, met at the court house in this city yesterday afternoon and fired the opening gun in the presidential campaign in this state. The meeting, which was a most enthusiastic one, was called to order by Chairman W. P. Huntington, who made a few characteristic remarks and then stated the selection of permanent officers was next in order, and in a few moments they were unanimously named as follows: A. A. Hazelrigg, President; Charles McDonald, Vice President; Joe Conner, Treasurer; Lindsay Douglas, Secretary. A committee on by-laws was named by the chair as follows: C. D. Grubbs, Chairman; W. B. White and Henry Watson.

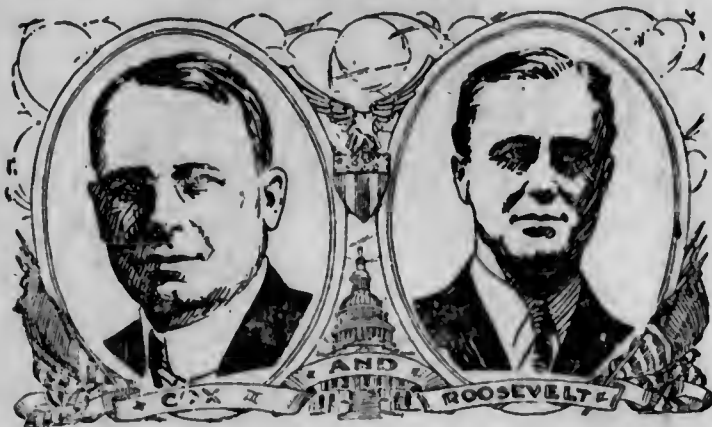

Communications were then read from Governor Cox, Marse Henry

public life. It revitalizes Democracy. It refreshes and invigorates Democrats. He is truly a man of the people, a son of the soil, who will bring the spirit of Lincoln back to the seats of the mighty, uniting within himself the Americanism of Roosevelt and the progressivism of Wilson. I confidently look to see him carry every debatable state in the union.

"HENRY WATTERSON."

The First Cox and Roosevelt Campaign Club of Kentucky:

"I am in receipt of your letter advising me that an old fashioned Democratic rally is to be held at Mt. Sterling next Monday afternoon, July 19th, to effect a permanent organization of the First Cox and Roosevelt Campaign Club of Ken-

Watterson and W. W. Durbin, Chairman of the Ohio State Democratic Executive Committee, as follows:

"The First Cox and Roosevelt Campaign Club of Kentucky:

"Tell the members of the First Cox and Roosevelt Club of Kentucky that I appreciate your telegram of congratulations of July 6th. With such early organization and such determination of purpose by the Democrats, there isn't any question as to how Kentucky will go this fall; and Ohio will go the same way. Let me congratulate your membership on its progressive and militant work preliminary to the fall campaign. I am proud of the opportunity to extend felicitations to my Kentucky friends. We are going into the battle to win against the forces of reaction, with our faces turned to the rising sun of progress. Our belief is in the golden dawn of tomorrow rather than the forgotten clouds of yesterday.

"JAMES M. COX."

"The First Cox and Roosevelt Campaign Club of Kentucky:

"I regard the nomination of Governor James M. Cox as not only an assurance of victory but a guarantee of the return of the Jefferson, Jackson, Tilden inspiration to our

Chairman of the Democratic State Executive Committee of Ohio."

The permanent president then took the chair and presented to the

Free Schooling For Ex-Service Men

The officers of the Pangburn Post, Montgomery county's branch of the American Legion, are in receipt of the following letter from Prof. T. J. Conlee, Eastern Kentucky State Normal School, relative to Senate Bill Number 26:

"According to the provisions of the above-named act, every person who was engaged in the military or naval service of the United States during the war with Germany, and who was at the time of his enlistment a resident of the State of Kentucky, is entitled to free scholarship in either the State University or the Eastern Kentucky State Normal School or the Western Kentucky State Normal School as he or she may choose for a period required to complete the course of study selected. This scholarship includes free tuition, matriculation and other fees, room rent, fuel and light and other advantages and privileges of the University or of either of the State Normal Schools, but the same does not include free board. All beneficiaries of the scholarship before mentioned who continue their study for a consecutive school year or ten months, are entitled to their actual traveling expenses in going to and returning from the school of their choice once each way during said year.

"In order to be entitled to this free scholarship, the applicant must file his application for admission at least thirty days prior to the beginning of the semester of the school year in which he decides to enter, which application shall be accompanied by his certificate of honorable discharge, which shall be returned to him or her upon admittance."

Those Montgomery County ex-service men, whether members or non-members of the American Legion, who wish to take advantage of this very liberal provision, should communicate with Lewis H. Kilpatrick, Adjutant of the Pangburn Post, for detailed information.

audience Judge Samuel Wilson, of Lexington, who made a splendid plea for Cox and Roosevelt on purely Democratic principles. Mr. Wilson is a personal friend of Governor Cox and stated his record would bear the most rigid examination. He declared there was no better American, no more competent business man or more loyal friend than James M. Cox, and predicted that in less than six months time the name of "Jimmy" Cox would be as familiar throughout the nation as that of "Teddy" Roosevelt. Mr. Wilson paid tribute to President Wilson and defended the league of nations in no uncertain terms. His remarks were well received and the large crowd that was present formed a most favorable impression of the gifted Fayette lawyer.

Immediately after the speaking Col. W. P. Huntington invited a number of friends to accompany Judge Wilson to his home where an informal meeting was held until the hour of his departure.

Montgomery county should well be proud of the fact that we have the First Cox and Roosevelt Campaign Club formed in the State and possibly in the Nation, the early formation of such being due to the alertness of Governor Cox's personal friend, Col. W. P. Huntington.

Sneak Thief Caught Here Sunday

The home of H. W. Mearns on Queen street was entered Sunday and robbed of \$79 by a sneak thief who had climbed in a rear window while the family were seated on the front porch. After committing the robbery he walked boldly to the front of the house and asked for a drink of water. Mr. Mearns a short while later discovered his loss which he promptly reported to police headquarters and quick work on the part of Chief Tipton and Officer Thomas resulted in the capture of the robber, who with a companion, was arrested at the Fair Grounds. The man, who gave his name as George Strong, admitted his guilt and was placed in jail here. When searched part of the stolen money was recovered along with a gold watch belonging to Floyd Turpin which had been stolen earlier in the day. The home of Joe F. Heinrich on Harrison Avenue was also broken into Sunday, a handsome boogie stolen which has not been recovered. This is believed by the police to be the work of this same man. Strong is held in jail under \$250 bond which he has failed to give.

Special Registration Next Saturday

Saturday, July 24th, will be Special Registration Day in this city and all those who have not previously registered should go to the county clerk's office on that day. If for any reason you were out of town, sick, or if you become of age after election day you should not fail to register. It is the duty of every citizen to vote and it is hoped that no citizen of Mt. Sterling will be deprived of performing his sacred duty by failing to register. (79-3)

CHILD DIES WHILE

ON VISIT HERE

Rebecca Cockrell, young daughter of Ben Cockrell and wife, of Colorado Springs, died last night at the home of her great grandmother, Mrs. Rebecca Redman, at Camargo. The little girl came here in perfect health a few weeks ago, and was taken with measles shortly after her arrival, which later developed into pneumonia. That, together with meningitis proved fatal. Funeral and burial will take place here tomorrow.

PANGBURN POST

TO GIVE DANCE

Pangburn Post, American Legion, will give a subscription dance on Thursday evening at Trimble Hall, the proceeds of which will be used toward the furnishing of the Post club rooms. Stanley Brown and I. D. Wood are the committee in charge of arrangements and the dance promises to be a success in every way. Excellent music will be furnished for the occasion by the Williams Sextette, of Winchester, a big crowd of visitors will be in attendance, and the dance is looked forward to with much pleasure.

UNDERGOES OPERATION

Thomas Zimmerman, well known citizen of this city, was taken to Lexington Sunday by ambulance to the Good Samaritan Hospital, where an operation for appendicitis was performed yesterday. Late reports from his bedside indicate he is doing well.

MISSIONARY PROGRAM

The young people of the Saints church at Camargo will render a missionary program on Sunday evening, July 25th. The public is cordially invited.

Great Montgomery County Fair Throws Its Gates Open Tomorrow

The annual Montgomery county fair will open its gates here tomorrow morning and the fair program will begin at 1 o'clock in the afternoon, with mule shows, to be followed by a six furlong thoroughbred race and the Montgomery County Derby for thoroughbreds of all ages, at a distance of one and one-eighth miles for a purse of \$500.

The entries to these races closed at 11 o'clock Tuesday morning. On the opening day there will be two harness races, the 2:30 trotting for a purse of \$400, with Peter Patchen, Bessie Brook, Ruth Montgomery, The Vice, Indiana E. Christine Carnation and Northern Boy, among the starters, and the 2:14 pace for \$400, with Miss Rhythmic Belle, Dora Deane, Peter McMillon and Sorrel Top as starters.

On Thursday there will be a pony exhibit, and the races, including the 2:13 trotting for \$400, with Mahomet Watts, Bess Montgomery, Indiana Carnation among the entries.

On Friday the big cattle show will be held, and it is believed that the exhibit of Hereford and Shorthorn cattle will be the best ever given in Central Kentucky. There will also be a ring for running walk and center saddle horses for a prize of \$400 to the winner, and there will be three or four thoroughbred running races and probably a special harness race.

The Saturday program will be confined to the sweepstakes cattle rings, the draft rings and the best farm team to wagon, with the 2:18 pacing class, with Mabel T. Miss Rhythmic Belle, Peter McMillon, Saloria, Dora Dean and Albert C. among the starters, and the 2:18 trotting race, with Northern Boy, Mahomet Watts, Bess Montgomery, Christine Carnation, Indiana E. Hillbrook Sage and Peter Patchen among the starters, and three running races.

The Zeidman-Pollie shows arrived Sunday from Lexington and opened

the amusement exhibition Monday night at 8 o'clock.

A large delegation of Lexington business men will come to the fair Wednesday in an auto parade wearing the slogan, "Howdy, Meet Lexington!" The local organization will wear badges bearing the words "Chamber of Commerce."

MORRIS EVANS DEAD

Morris Evans, aged 47 years, died from heart failure Thursday night at his home near Sherburne in Bath county. Funeral services were held at his late home Sunday afternoon and burial was in Bethel cemetery. He is survived by his wife and three daughters. Three brothers, Dee, O. E. and L. C. Evans, also survive. For many years Mr. Evans was a merchant at Sherburne. His wife was Miss Minnie Blount, a niece of John H. and Frank Blount, of this city. Mr. Evans was an excellent citizen and was a member of the Christian church. As husband, father, business and church man, he was ever loyal and true. Mr. Evans will be greatly missed and to those in grief we have no words of our own that can comfort, but direct them to Him, the source of all comfort.

Aids to Grace and Beauty

by Priscilla Dean

PRISCILLA DEAN

It is true. Youth and Beauty are both now classified, labeled, priced and sold just like ribbons and hair pins or any other commodity. If anyone had told me they were for sale I should have been inclined to doubt the statement. But I have seen the printed advertisements. One advertiser guarantees, upon receipt of a specified sum of money to send a correspondence course of instruction guaranteed to restore youth. In bold, black type there is a statement to the effect that the writer of the advertisement, as a result of this phenomenal course of training, is younger at seventy than he was at fifty.

And on another page there is a readable article headed "Homely at TWENTY—Handsome at FORTY." Apparently we are living in an era governed by the law of contraries. There seems to be a mad quest for the possession of that which, Sir

Ponce de Leon sought for so valiantly many years ago.

Very carefully I read the context, both of the advertisement and the special story. In both instances the trail ended in the same pot of gold—good health.

It is true, lip rouge can be bought for a quarter and an eye-brow pencil for thirty-five cents, but the beauty they produce perishes with them and the last state of the person so beautified is worse than the first. If you don't believe me, take a look at someone you know who has cultivated drug store beauty for years and finds herself unexpectedly too far from the base of supplies to replenish her stock.

Beauty, like any other article of value must be paid for accordingly. The price is high and is never reduced because Nature is going out of business or recuperating after a fire. Beauty must be paid for in actual effort, self-sacrifice, determination and will power. Rules and principles of hygiene must be observed and the advice on the care of the health given by persons of authority must not be ignored.

This is an age when everyone acknowledges the importance of physical education. Schools and colleges have instituted it as a science. With

perfect health comes energy and mental activity. It is the foolish idea that bargain counter beauty is a "just as good" substitute for the genuine, health produced article that makes many marriages a failure. Men who are at first attracted by the beauty of the women they marry are disillusioned and disappointed when they find that it has no real basis and cannot survive the first marital decree banishing the "make-up."

For the average man will not hesitate to fall in love with a girl who is noticeably made up. But after they are married he solemnly declares:

"I don't want MY wife using those things. You don't need them. You

a young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce who afterward moved to Buffalo, N. Y. He made up his mind to place some of his medicines before the public, and he put up what he called his "Favorite Prescription," and placed it with the druggists in every state in the Union. For fifty years Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to. It is now sold by druggists in tablet form as well as liquid.

NEWBERRY, S. C.—"After using Doctor Pierce's Favorite Prescription I feel like a new woman. My friends all tell me I look so much better. I am more than pleased with the result. I know that I can't praise any one of Dr. Pierce's remedies too highly. I always keep them on hand in order to keep well."—MRS. LELLA SUPER, Route 1—Box 62.

are pretty enough as you are." (which is another form of love-blindness, for she is not).

Later, when the rose colored glasses through which he has been making observations are shattered, he leans with increasing dismay that his wife is a shallow, nervous creature with impaired circulation, lowered vitality and sluggish mentality.

Just like the average bargain purchase, the beauty he thought he had acquired was not worth the price.

Genuine beauty can be acquired only by common sense and self-discipline. One of the best authorities in the country gives this receipt for the preservation of youth.

"Eat moderately of substantial foods. Drink at least two quarts of water every day. Exercise daily, keep the body clean by sun, air and water bathing, get plenty of sleep and relax whenever possible during the day. Take an occasional vacation and avoid stimulants and narcotics. Cultivate a cheerful and peaceful frame of mind and learn to control enervating emotions such as worry, fear, anger and discontent."

The body is dependent upon a strong, vigorous will, and the mind on physical fitness. Theatrical people and moving picture people are well supplied with will power. They always say:

"Oh, we never get sick, we haven't the time."

The state of mind affects the physique of individuals and the face always sympathizes with the thoughts and reflects them. It has been proven again and again that under any excitement or emotion there is such natural action and reaction between the heart and the brain. Fear, worry, jealousy and anger play upon the constitution. Love, joy, hope and contentment raise the health tone. Moving pictures have demonstrated, perhaps more than anything else, how the expression of the countenance reveals the thoughts and intentions more than do words. The average woman, it is declared does not take time enough to rest and relax. She will spend many hours staring her face and make her back ache and bring dark circles under her eyes by standing with hands upraised arranging her coiffure, but she will declare she cannot "make the time to lie down and rest, loze and completely relax both mind and body for a short period every day. Later she will write to me or to someone else and ask what lotion she can apply that will improve her looks.

Sleep is most important. The ideal sleeping posture is that in which the body reclines on the right side. Bags and pillows stuffed with hops and pine needles are soothing and will induce sleep. In health one requires about eight hours sleep. The neurotic or anaemic person should have from eight to twelve. If the body gets the right amount of rest it possesses the power of automatic repair.

Real beauty means real health. It takes hard work, sometimes to get real health and to keep health one must pay the price by sacrificing many pleasures and duties. Nothing that is to be had free or at a bargain price is usually of much value. "Air," one authority admits, "is free, but it must be breathed, and the deeper and more vigorously it is breathed, the more good it does one."

What Mrs. Brenninger, of New York Says About Rat Poison.

"Tried preparations that kill rats, but RAT-SNAP is the only one that prevents disagreeable odors after killing. Also like RAT-SNAP because it comes in handy cakes, no mixing with other food. You don't have to dirty your hands, it's the best for household use." Try RAT-SNAP. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Chenault & Orear.

Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

The "Simple Life" of a simple man, Brethren, is when his chief care is the wish to be what he ought to be. That is honestly and naturally human. We may compare existence to raw material. What it is, matters less than what is made of it; as the value of a work of art lies in the flowering of a woman's skill. True life is possible in social conditions the most diverse, and with natural gifts the most unequal. It is not fortune, or personal advantage, but our turning them to account. That constitutes the value of life. Fame adds no more does the length of days. Quality is the thing.

NEW BOOK

By Stock and Poultry Expert.

A new book entitled "Care and Treatment of Stock and Poultry" has just been published by Dr. L. D. LeGear, notable Veterinary Surgeon, who graduated from the Toronto, Ontario, Veterinary College 27 years ago, and has since devoted his entire life to Veterinary Science and Poultry Husbandry. This book contains 128 pages of up-to-the-minute data on the care, symptoms and treatment of stock and poultry. It is divided into departments—horses, cattle, hogs, sheep and poultry being taken up. It is very complete with charts and illustrations, and is a book that should be in the home of every live stock and poultry raiser in the country. The price is only 10 cents. Get it from your dealer or send a dime to Dr. L. D. LeGear, 1700 North Broadway, St. Louis, Mo., stating that you are a subscriber to this paper, and he will send you a copy direct.

HOW AN EDITOR GOT RICH

An exchange tells of a rural editor who started poor twenty years ago and retired with a fortune of \$50,000. This money he acquired through ceaseless energy, strictest economy, conscientious efforts to give his advertisers and subscribers full value, indomitable perseverance and the will of an uncle whose estate netted \$49,999.50.

This is no joke. The young man who wants to serve can without any effort so attain, if he has an uncle in great favor with him.

EDUCATIONAL TOOTH TALK—3 TARTAR

"Tartar" is a lime-like substance that forms on the teeth. It is composed of saliva, phosphate of lime, etc., and becomes attached to the teeth near the salivary duct. It is porous like a sponge and holds particles of food which decompose and taint the breath with an offensive odor. This tartar once formed increases, always in the direction of the gums; first inflaming them, then causing them to puff up and recede from the teeth, and finally, by absorption of the bony sockets, to cause good, sound teeth to drop out for want of support.—Dr. H. M. Wright, Traders Bank Bldg.

IN UNION THERE IS STRENGTH

Governor James M. Cox, Democratic nominee for the Presidency, and Franklin D. Roosevelt, Democratic nominee for the vice-Presidency, had a conference on the 18th instant, with President Wilson, and following this meeting each issued a statement. The president declared he and Governor Cox "were absolutely as one in regard to the League of Nations," and that the nominee "is ready to be the champion of the honor of the nation and the secure peace of the world. 'The party's choice,' the President added, 'will have the vigorous support of an absolutely united party, and I am confident, also of an absolutely united nation.'"

Governor Cox declared in his statement that he and Mr. Wilson were "agreed as to the meaning and sufficiency of the party platform and the duty of the party in the face of the threatened bad faith to the world in the name of America." He declared that he would give all his strength to the promises made by President Wilson to those who sacrificed in the great war.

This indicates a perfect unity of party, and with Mr. Cox as a vote-getter and the popularity of Mr. Roosevelt, indications point to Democratic success. A gentleman just from New York, Michigan, Ohio, Massachusetts, New Jersey, says Cox will carry all these states and is growing in popularity. With commercial men talking this way, look out for the approaching landslide.

Chamber of Commerce Comments

Secretary Sharp reports that applications for membership, with checks for dues, as fixed by the rating Committee, are coming in rapidly thus far. A further evidence of the unusual amount of interest felt by all in this new organization.

A most enthusiastic meeting of the Board of Directors was held in the Directors Room of the Mt. Sterling National Bank on Thursday evening last; numerous committees appointed, though not fully completed the Directors deeming some of these of such importance they were worthy of more thoughtful and careful consideration. Another meeting of the Board is to be held on Tuesday night, the 27th., a full report of which is to be made at the next meeting of the Club on the 28th.

If you have not already done so, won't you, then, please assist Treasurer Keller by dropping into his store and purchasing your ticket for the Lunch on the 28th.

There is, so we are told, a few—and we are glad that it is only a few—who are complaining of their classification as fixed by the rating committee. No attention should be paid to these wailings which would have been made, no matter how small, if some of our enterprising citizens had been asked to pay only 10c more than some other. We are glad to report, from reports already filed with the Secretary and Treasurer, that a sufficient number, and then some, have already enrolled and paid their dues at amounts asked of them that will insure the success of this organization.

C C C C C—Can any of you "wise guys" tell us what this, or these, stand for?

Letters and pamphlets have already been received from several public utility companies. It don't take long for that class of men to know when an organization such as

our Chamber of Commerce has been organized and that they have to be reckoned with in the future.

The Advocate takes pleasure, through this medium, of throwing open the columns to the Chamber of Commerce, appreciating that that which is done for the good of the town and county is done for the good of the Advocate. Whenever you have an interesting note, which we may have overlooked, send along and the Advocate will do its part toward "Boosting Mt. Sterling and Montgomery County"

Says Harding Never Had An Original Idea

Resting between national conventions, Irvin S. Cobb is spending a few days "back home" in Paducah. Delightfully interviewed by Elliot Mitchell, of the Sun, at Will Gilbert's corner drug store, the famous humorist painted, warts and all, a vivid portrait of Warren Gamaliel Harding.

"Harding is a docile, well-behaved, kindly soul who'll never rock the boat," he declared. "He's a composite picture of all the statesmen who ever lived, and would do justice to any wax-figure manufacturer. He's really a very handsome stuffed shirt. To the roots of his hair he resembles Henry Clay, but there the resemblance stops. If he ever finds a good quack cure he'd lose his political standing. Why was he nominated? Why, because he's from a state that breeds a race of men that look like statesmen and run for president. He never had an original idea in his life and wouldn't know what to do with one if he had it until he had consulted Penrose. If he happened onto one he would take it before his chief and laying it at his feet would say, 'I, too, have not been idle. Here is an idea. What shall I do with it?'"

"He is smart enough to keep his mouth shut and stupid enough to

make the dullest, most non-committal speech a politician ever tried to make. But he makes it with such an air that it doesn't seem dull until you think it over and find that he didn't say a thing."—Hopkinsville New Era.

FORMER CITIZENS DROP IN FOR A FEW DAYS

Buford Wyatt and wife, of New Decatur, Ala., are here among their friends. All of us fellows that wear gray hair and no hair, know Buford and his estimable wife and we can't say anything but good words about them. They move in the top circles at New Decatur and have made good as citizens and in a financial way as well. We were surely glad to see Mr. and Mrs. Wy-

att. They reached here Saturday, saw the people court day and left at 4:30 to visit their son, Dr. Simrall Wyatt, one of the leading specialists at Lexington. From there they go to Crab Orchard Springs and then return to their home in New Decatur. Though their visit was brief, they honored our sanctuary by calling to see us. Mr. Wyatt says: "Mt. Sterling looks good. I can see evidence of thrift everywhere." Mr. Wyatt brings the glad news that Mr. Shelton, a Kentuckian, has made good with the Twin City Daily, after a long struggle, and now moves with ease on the top rung of prosperity.

TOOTH BRUSHES ARE UNKNOWN TO MILLIONS

Fifteen hundred dentists from forty-eight states decided in convention in Chicago that there are 75,000 people in the United States who are not on speaking terms with a toothbrush. If they were, from 80 to 90 per cent of the dental trouble, now causing everything from rheumatism to headache, would be in the way of prevention.

Two school children out of 100 have perfect teeth and in early childhood each youngster averages at least seven cavities in his teeth.

Ninety-five per cent of the 110,000,000 people in the United States are afflicted with decayed teeth.

There are only 48,000 dentists in the country and they are able annually to care for but 15,000,000 people. The rest of the people in the United States don't know enough about the importance of good teeth to care and so there is no real shortage of dentists. But if the people were educated in the needs of their teeth, there would be a shortage of about 400,000 dentists.

Mt. Sterling proof is what you want and the statement of this highly respected resident will banish all doubt:

S. M. Warner, Harrison avenue, Mt. Sterling, says: "I was always strong and active until kidney trouble affected me about five years ago. I was taken suddenly and my back and sides ached dreadfully. The least move sent dagger-like pains all through my body. I was confined to my bed and delicious part of the time; I was in misery. My kidneys acted irregularly and I could get no relief until I used Doan's Kidney Pills, procured from Duerson's Drug Store. They helped me right along until I was improved in every way. When I have any return of kidney trouble, Doan's Kidney Pills have never failed to relieve the aches and pains a person of my age, eighty-two years, is subject to."

DEMOCRATS PLAN STATE CAMPAIGN

Plans for the Democratic State campaign will be formulated at a meeting of the state central and executive committees at Louisville early this week.

The selection of a campaign manager will be announced probably at that meeting with the personnel of the campaign committee. It is understood that Senator J. C. W. Beckham will be allowed to name his choice for the former post. The campaign committee will include at least one representative from each congressional district, which group will

name in turn leaders in every precinct of the state.

One of the strongest campaigns ever waged in Kentucky will be carried on by the Democrats this year, was the statement made by Charles A. Hardin, of Harrodsburg, chairman of the state central and executive committees. Judge Hardin expressed a firm conviction that the Democratic party will win a notable victory in the state in November, overlooking not one county in its drive for voters.

Everything is in fine shape now, said Judge Hardin. He has perfected a temporary organization in many sections of the state, which is expected to be made permanent by the state committees at their meeting this week, when the last of the party leaders returning from the San Francisco convention are expected to be in Kentucky.

"Undoubtedly we will make good

inroads on the so-called rock-ribbed Republican counties, where dissatisfaction with recent Republican activities, both state and national, prevails to a certain extent," said Judge Hardin.

One of the most vigorous district contests will be waged on behalf of Judge J. E. Sampson, candidate for Congress from the Eleventh District, against John M. Robison, seeking re-election. Plans for this will be discussed at a meeting held in Lexington.

AS A REPUBLICAN

SEES NATIONAL RESULTS

"Governor Cox will win, because he is a strong man running on a strong platform which approaches the election fearlessly," Opie Reed, author and lecturer, declared. Mr. Reed, whose home is at Scottsville, Ky., is a Republican, normally, he said. He knows both the candidates personally.

"Harding is a consummate politician, but Cox will beat him," was his declaration. Mr. Reed was with Senator Harding an entire season on the Chautauqua.

"He is very careful in all his statements so as not to offend his constituency and to utter anything which might be used against him. In fact he is so careful he is often called slow and cold," was Mr. Reed's judgment. Cox will carry both Ohio and New York, was his prediction.

When Kentucky Republicans have visions like unto the above the people may begin to prophesy. We are sometimes mistaken but this time it is easy to be accurate. Cox will carry Ohio, New York and California, and will be Wilson's successor.

NOTED ENGINEER

OUT WITH FACTS

Says The Results He Got From Tanlac Were Nothing Less Than Wonderful

Captain Andy Ospring, engineer on the Pennsylvania railroad, pulling the fast train known as Keystone Express between Terre Haute and St. Louis, declares that the results he has received from Tanlac are nothing less than wonderful.

Captain Ospring has been engineer on the Pennsylvania railroad for the past forty years and is one of the best known and most popular men in the service of this road. His home address is 629 North Tenth street, East St. Louis. Relating his experience with Tanlac to friends in Terre Haute, a few days ago, Captain Ospring said:

"Tanalac will always get a good recommendation from me for the results I have received from it are nothing less than wonderful. Before taking this medicine I had suffered from weak stomach, loss of appetite, sluggish liver and a run-down condition for several years. I could never enjoy anything to eat, suffered with severe pains in my back and chest, and was continually losing weight. The pains in my back were so severe that I could hardly bend over, couldn't even sit comfortably in my cab, and invariably finished my run feeling all tired out. I had gotten to where I dreaded to make my runs and had lost several trips on account of feeling so bad.

"I had taken lots of different kinds of medicines, but all failed until I found Tanlac. A friend of mine in Terre Haute put me on to Tanlac and that was the turning point with me. Three bottles of this medicine have fixed me up in fine shape and my weight has been increased eleven pounds. I have a fine appetite, don't have a pain of any kind, and feel all of fifteen years younger. I make my trips regularly, never losing any time, and come in from my runs without feeling all tired out like I used to. A medicine that will do such things is certainly worth while and I will always say a good word for Tanlac."

Tanalac is sold in Mt. Sterling by Land & Priest.

RESPONSIBLE FOR THE TIMES

The 1920 wheat crop in America will be smaller than that of 1919, Kansas will harvest more wheat this year than she did in 1919. Kansas has been prospering enormously during the past four years, and this prosperity may well influence the Kansas voter. It was, we may say, the Republican party that spread the doctrine that the political party in power should be responsible for bad times, and should profit by good times. Accepting this Republican

axiom, Kansas should cast her electoral vote for the Democratic nominee for President this year.

This is the way Republicans talk; that the God of Heavens favor their party in that he sends the rains and sunshine at just such intervals that tremendous returns come from the earth, that peace and plenty may possess the lands. How these Republicans talk! Should there be anything real in such declarations from Republican papers then Kansas will this year of good prices and plenty go Democratic "or bust."

HOW THINGS SEEM

Allie W. McCormick has returned from a motor trip to Windsor, Canada. He was accompanied by his wife, R. T. Richardson, wife and son. They were free from mishaps and had a nice trip. Speaking of the roads, Mr. McCormick said that in Ohio and Michigan roads are fine—just as good as these brick streets in front of your office. We can have just such roads without any hardships to anyone. Crops all the way are good and signs of prosperity are flattering.
